# I AM MOJO

**YOUR EVERYDAY COMPANION**

Bag, Battery and Power. The purpose of MOJO is to ensure all of your electronic gear is fully charged - all the time. We've added car chargers, 110V wall chargers, Apple and Android cables, retractable power cord, LEGO style velcro dividers, multiple options and colors.

# 01 | **POWER**

## 20,000 mAh BATTERY

### UNLIMITED POWER

MOJO - at 20,000 mAh - has the largest commercially available battery on the market today. The Lithium Polymer power bank allows you to always stay connected with the world. It is easy to recharge through our retractable USB recharging cables. We provide iPhone and Android interconnect system, 110v and 220v wall plugs convert power to USB cables. If we missed anything - let us know and we will consider adding it. Build your own Bag - BYOB.

NEVER LOSE POWER AGAIN

## 02 | CHARGE ALL YOUR DEVICES

### CHARGE ALL YOUR DEVICES

Losing power in 2015 isn't acceptable. You could miss important customer emails, emergency phone calls - but not if you have MOJO. Your iPhone, iPad, Android phone, Android tablet, GoPro Camera, Digital Camera from any manufacturer . . . you name it. Our backup system ensures all of your content is stored in the cloud through a special Dropbox OEM relationship.

### WATER RESISTANT FABRIC

Keep your electronics dry! The outer layer is made from the highest quality polyurethane, 900D high-density nylon. The middle layer of RFID blocking fabric contains nickle and copper interlace system provides an additional powerful water blocking layer of protection. The inside fabric provides a third and final solution to protect your valuable electronic gear. You name it and we thought of it.

### HIGH GRADE, DURABLE MATERIALS

The materials used to create the MOJO bag were hand-picked. We chose the most durable fabric on the market today, integrated zippers designed to never jam, buckles made of high-quality polyurethane that are easy to connect and disengage, RFID blocking fabric to protect your debit & credit cards as well as block electromagnetic

waves, durable VELCO female and male counterparts capable of tens of thousands of solid connections.

## 05 | ACCESSORIES

### EVERYTHING THAT YOU NEED

### ACCESSORIES GALORE

20,000 mAh battery bank is standard. It is capable of recharging multiple smartphone and/or tablets from scratch. Whether you are in the United States where 110v or elsewhere in the world where 220v wall power is provided - our electric wall to electronic power conversion system ensures solid and fast charges. Should you be in a vehicle you can garner power through the MOJO car charger adapter. We provide cables to support Apple and Android systems. Let us know what we should add - and if possible - it will be included.

## 06 | COLORS

### EXPRESS YOUR PERSONALITY

#### COLOR PALETTE

### COLORS

We are offering two colors to start - Midnight Black and Fire Engine Red. Should we receive tens of thousands of pledges we are open to providing a rainbow of potential colors and perhaps patterns. Let us know, when pledging for MOJO, your preferred color. We will tally preferences and design and manufacture accordingly.

## 07 | PATTERNS

### EXPLORE YOUR PERSONALITY

WE have the manufacturing capability to create MOJO in a wide variety of patterns. Ultimately, the ability to offer patterns is based upon the number of pledges we receive for the MOJO bag. Give us

your ideas about the type of pattern you would like. If possible - we  
will use them and give you credit.

## 08 | SCHOOL

MOJO IS PERFECT FOR SCHOOL

### PERFECT FOR SCHOOL - MAKE THE GRADE

MOJO empowers students with the ability to keep their electronic gear powered up at all times. It is large enough to carry your tablets and telephones as well as required text books for classes. You can keep your lunch or snacks safely stored for quick access.

Exhibit C - MOJO Indiegogo Homepage

#### ULTIMATE SPORTS BAG

MOJO was designed by sports enthusiasts. You can store your water bottle, salt tablets, head-bands, cardio necessities . . . everything you need to keep your body fit. Strap MOJO on and hit your stride. We've made the bag connection system extra large so you won't have straps on your skin after removing.

#### BUSINESS

Your company will reimburse you for your MOJO pledge. It provides a valuable asset for any organization. The US Internal Revenue Service allows for the deduction of any viable business

expense - MOJO fits the bill - and the law. Take back what is rightfully yours.

### BRANDING

The MOJO is ideal to reward both employees and your top channel partners. We can customize the bag to include your organization's logo, brand or product likeness. If you wish, we can create Letterman Jacket style chenille patches. Give us a telephone call or send an email to discuss same - minimum order for customized branding MOJO bags is 25 units. Discounts for large quantities - Resellers Wanted and Fully Supported.

### SECURITY

We have created a sophisticated RFID blocking system to ensure no-one can “look inside” your bag via electronic surveillance systems. Billions of dollars a year are stolen, lives ruined - it won’t happen to you if you are protected by MOJO’s anti-theft system.

Exhibit C - MOJO Indiegogo Homepage

The MOJO bag has RFID blocking cloth inside its walls; however, once your cards are removed from the MOJO they are vulnerable to attack - thus we provide RFID blocking sleeves for your passport, credit/debit cards and drivers license. Your personal security is 100% protected with the MOJO solution.
